"What you wear is how you present yourself to the world, especially today, when human contacts are so quick. Fashion is silent language."

"Don't be into trends. Don't make fashion own you, but you decide what you are, what you want to express by the way you dress and the way to live."

"Fashion is part of the daily air and it changes all the time, with all the events. You can even see the approaching of a revolution in clothes. You can see and feel everything in clothes."

*"What's my style is not your style, and I don't see how you can define it.  
It's something that expresses who you are in your own way."*

"You gotta have style. It helps you get down the stairs. It helps you get up in the morning. It's a way of life. Without it, you're nobody. I'm not talking about lots of clothes."

THE REAL ART OF CRAFTING CLOTHES

"Fashion you can buy, but style you cannot. The key to style is knowing who you are, which takes years. There's no how-to read map to style. It's about self-expression and, above all, attitude."
